

Curriculum Vitae

Dr. Stian Suppersberger Hamre BA, MSc, PhD

Contact information	
Cappesvei 10C 5018 Bergen Norway E-mail: stian.hamre@gmail.com Tel. +47 90917334	
Personal information	
Date of birth: 08.12.1973 Place of birth: Bergen, Norway Nationality: Norwegian Gender: Male	
Education	
2007-2011	PhD at Centre for Medieval Studies, University of Bergen. Dissertation: Burial practices in early Christian Norway. An osteoarchaeological study into differences and similarities between four burial assemblages.
2001-2003	MSc in Forensic and Biological Anthropology at Bournemouth University, Bournemouth, England. Dissertation: Bilateral asymmetry as a means of reassembling commingled human remains: a study of the long bones of the upper and lower limbs.

1998-2001	BA in Archaeology and Palaeoanthropology at the University of New England, Armidale, Australia.
1996	Nordic Archaeology (grunnfag) at the University of Bergen, Norway.
1995	Examen Philosophicum at the University of Bergen, Norway.
Courses	
12-14.12.2011	Three day private course taught by professor George Maat at Leiden University, The Netherlands. The course dealt with different techniques and uses for bone histology.
17.11-21.11.2006	Inforce mass fatality incident mortuary workshop, organised by the Inforce foundation.
Work experience	
01.01.2013-	Post-doc at the Department of Archaeology, History, Cultural Studies and Religion, University of Bergen.
12.03.-12.10.2012	Researcher at the Centre for Medieval Studies, University of Bergen.
02.-20.05.2011	Osteoarchaeologist for the archaeological excavations carried out as part of the "The emergence of micro-Christendoms at 'the edge of the world' around AD 1000: The Romsdal case" research project.
2007-2011	Doctoral researcher at the University of Bergen.
2007-	Forensic anthropologist for the Kaprolat committee at the University of Bergen, working with the identification of Norwegian soldiers who fell during a battle in Russian Karelia in WWII.
2006-2013	I started my own consultancy: Forensic and Osteoarchaeological Services. Through this, I have carried out osteological work for the Natural History Museum in Bergen, for the Kaprolat committee at the University of Bergen, and I have on several occasions done work for the Bergen and Hordaland police department.
11.2001-05.2002	Osteological technician at Bournemouth University.
1995-2005	During this period, I worked for several periods in the food preparation industry as a chef and baker, about thirty months in total.
1993-2003	During this period, I worked eight months as a field assistant on different archaeological excavations in Norway and Austria.
Grants	
Norwegian Research Council. Grant number: 249145. Grant amount NOK 585.000 Funding for an international conference and for a museum exhibition.	

Norwegian Research Council. Grant number: 220821. Grant amount NOK 4.300.000
Project title: Immigration and mobility in mediaeval and post-mediaeval Norway.
